

28 August 2020

To whom it may concern,

I am writing this to recommend Adwait Thattey who worked as a Software Development Engineering Intern at Innovaccer for a period of 4 months.

Adwait joined us as an intern in the summer of 2020 and has contributed immensely in our CareAsOne Codebase . His knowledge and experience in Django , Python and building scalable backend systems gave us an immense boost in getting our requirements live in a short period of time . One major skill that has worked for him (apart from his coding skills) is his capability to communicate effortlessly with his fellow peers.

Sincerely,
