

ITWS1 - Fall 2017 (IIIT Sricity)

Practice Assignment 3

1. Create a webpage with following tags & styles using i) inline, ii) internal, and iii) external CSS:
 - a) Include one header (h1) with red text color, skyblue background color, center alignment and 35px font size in bold
 - b) Include one paragraph (atleast five line) with black background color, white text color, italic, 20px font size
 - c) Include an image with 1/4th width of page with center alignment
 - d) Include a hyperlink (IIIT Sricity)
 - e) Include a hyperlink (Microsoft) with red color and without underline
2. Repeat the previous question with at least 6 tags that you want with your choice of styles.
3. Create at least 3 webpages by utilizing the ID and Class in CSS.
4. Write an HTML code that will display a table of S.No., Student Name, Roll No., Total Marks and Grade.
5. Repeat the previous question with table header left aligned.
6. Create the previous table with and without border. Further collapse the border into a single border. Also change the padding and border spacing. Apply padding with table as well as table data separately.
7. Insert the IIITS logo image (*iiits_logo.png*) in an HTML document and align the following text to the right side of the image using i) CSS and ii) table:

"Welcome to IIIT Sricity
The Indian Institute of Information Technology, Sri City, Chittoor District, Andhra Pradesh is one of the 20 new IIITs being set up by the Ministry of Human Resource Development, Government of India, under the Public Private Partnership with AP government and Sri City consortium."

8. Write a HTML code to generate the following table:

Column 1	Column 2	Column 3
Row 1 Cell 1	Row 1 Cell 2	Row 1 Cell 3
	Row 2 Cell 2	
Row 3 Cell 1	Row 3 Cell 2	
Row 4 Cell 1		

Note: Use rowspan and colspan

9. Write a HTML code to generate the following table:

<p>This is a paragraph</p> <p>This is another paragraph</p>	<p>This cell contains a table:</p> <table><tr><td>A</td><td>B</td></tr><tr><td>C</td><td>D</td></tr></table>	A	B	C	D
A	B				
C	D				
<p>This cell contains a list</p> <ul style="list-style-type: none">• apples• bananas• pineapples	<p>HELLO</p>				

Note: Use internal CSS to set
a) border: 1px solid black and
border-collapse: collapse for
table, th and td,
b) padding: 5px for th and td.

10. Create web pages with the help of table by using column span and row span.
